## Guarantee

While we exercise the greatest care to have all trees, shrubs and plants sold by us true to name and free from disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise, we do not give any warranty, expressed or implied, with respect to them. Any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods.

 **All claims for errors, deductions, etc., must be made immediately upon receipt of goods.**

We cannot fill long lists for one or two of a kind at less than single rates; 50 of a kind at hundred rates, and 500 of a kind at thousand rates.

Samples will be charged at hundred rates.

 We do not guarantee stock to live, we guarantee stock to be in good condition when it leaves our grounds.

**TERMS**—Cash with order from unknown parties, or satisfactory reference. If goods are to be sent C. O. D. one-third of amount must accompany order. Packing will be done in the best manner, in bales or boxes, at the cost of the purchaser, but no charge will be made for delivery to the railroad.

NEW JERSEY STATE BOARD OF AGRICULTURE,  
OFFICE OF THE STATE ENTOMOLOGIST.

New Brunswick, N. J., Sept. 4th, 1907.

THIS IS TO CERTIFY That I have this 15th day of August, 1907, inspected the general nursery stock growing on the Elizabeth Nurseries, Elizabeth Nursery Company, Proprietors, at Elizabeth, in Union County, New Jersey, and have found the same apparently free from San Jose Scale and other dangerously injurious insect pests; also, that the examined stock seemed healthy.

I Further Certify that the nursery has a properly constructed house 11 ft. x 9 ft. 6 in. x 22 ft. for fumigating with hydrocyanic acid gas, upon which I have marked the quantity of cyanide of potassium required for an effective charge.

This Certificate expires June 1st, 1908, and covers only stock actually on the nurseries when examined.

JOHN B. SMITH, State Entomologist.

## Azalea Amoena

We have nearly 90,000 of these beautiful plants, ranging in price from 5c., 10c., 20c., 35c., 50c. up to \$3.00 each for specimen plants. See page 7.

## Viburnum Plicatum

We have one of the largest stock of Viburnum Plicatum in this country. All sizes from smallest to largest are quoted on pages 12 and 13.

## Herbaceous Plants

We have over 1,000,000 hardy herbaceous plants which are not small divided plants. We have over 250,000 Phlox in one block, and believe we have one of the finest assortments in the United States. Varieties and prices are given on pages 29 and 30. We also have 100,000 herbaceous plants in 3 and 4-inch pots for late spring and summer delivery.

**PAEONIAS**, assorted varieties, not named, \$4.00 per 100; \$35.00 per 1,000. Named varieties, our selection, \$6.00 per 100.

See pages 28 and 29 for varieties and prices.

## Select List of Roses

From 5 and 6-inch pots.

The Roses which we here offer are fieldgrown plants, potted up during December and January, stored in cold houses, so that they break naturally in the spring, making the best possible stock. For delivery during May and June, but will make shipments earlier if requested.

Send in your order early so you may be sure of getting the desired varieties.

35c. each, \$3.00 per 10, \$25.00 per 100.

## Herbaceous Plants

Each will be an individual plant, not divided, and guaranteed true to name.

 This line with us is a special department, and is under the control of an expert grower, whose every effort is and will be to produce plants equalled by no one. We have made great advances in the last two years in the growing, handling and shipping of herbaceous plants. We have over 300,000 Hardy Phlox in sixty-two varieties (varieties are given on pages 29 and 30), to which special attention is called. When so desired, we can furnish almost any variety of herbaceous plants from pots.
